Sub: Report of Academic Audit Work 2021-2022

Sir,

The following points have been noted and suggestions have been extended accordingly:

1. Expansion of departmental libraries is recommended to align with the latest CBCS syllabus by augmenting the book inventory.
2. Despite having qualified faculty, the Departments of History and Sanskrit exhibit a discrepancy in student admissions. It is advised for these departments to conduct a comprehensive internal review to address this issue and actively promote undergraduate enrollment in these subjects.
3. Departments are encouraged to enhance student engagement in co-curricular and extracurricular activities.
4. In order to foster a culture of interdisciplinary learning, departments are encouraged to collaborate on joint projects, seminars, or workshops that integrate diverse academic perspectives.
5. It is recommended that departments should conduct regular surveys or feedback sessions with students to gather insights into their academic experiences and areas for improvement.
6. The college administration should consider investing in technological resources and infrastructure to support innovative teaching methods and enhance the overall learning experience for students.
